WILLIAM TORRANCE NAMED
AS POLICE COMMISSIONER

FIFTH MEMBER IS
APPOINTED TODAY

FORMER MAYOR IS GIVEN A FIVE
YEAR TERM
L. C. COLMAN ALSO APPOINTED

His Selection by Mr. Torrance Is Con-
firmed by Mayor Anderson to
Cover Legality

Mayor W. A. Anderson today ap-
pointed former Mayor William Tor-
rance as a member of the board of
police and fire commissioners for a
term of five years, as a result of the
law recently passed calling for the
addition of a fifth member.
Mayor Anderson also reappointed
Lucius C. Colman for a term of four
more years as member of the board.
Former Mayor Torrance appointed
Mr. Colman before his retirement
from office, but the new law requires
the mayor to appoint two members
between the last Monday in April and
the first Monday in May and the re-
appointment was made to cover pos-
sible legal inaccuracy.

MAN OF 39 SLAYS GIRL OF 11

LAFAYETTE, Ind., May 6.—John
Vaughan, 39 years old, last night
stabbed to death Lizzie Strubel, the
11-year-old daughter of Charles Stru-
bel, a gardener. Vaughan, after com-
mitting the murder, attempted to kill
himself and in doing so inflicted ten
wounds in his neck and breast. He
was taken to jail.

Immediately after the crime be-
came known excitement ran high and
it was feared that an attempt would
be made to lynch the murderer. Sher-
iff Ray and Superintendent of Police
Powell immediately prepared to foil
any attempt to lynch the slayer.

Vaughan said he and the girl quar-
reled and she struck him. He said:
"Being high tempered, I took out
my knife and plunged it into her
breast. I meant to kill her, because
I did not want any of those railroad
men to get her. I loved her and want-
ed to marry her."

The girl was carried to her room
and died within a few minutes. One
knife wound went through her right
lung and the other pierced her
throat.

SQUARE DEAL FOR HIM

President Roosevelt Triumphs in the
Haywood-Moyer Incident Be-
fore Working Men

NEW YORK, May 6.—Socialist
delegates to the Central Federated
union were routed today in an at-
tempt to get that body on record as
criticizing President Roosevelt when
the report of the committee of three
which interviewed Roosevelt last
week regarding his "undesirable citi-
zen" statement in reference to Moyer
and Haywood was read.

The defeat of the socialists follow-
ed the reading of a letter from Presi-
dent Roosevelt, in which he quoted
his own utterance of a year ago:
"Our duty is to see that exact justice
is done these men," and declared that
if evidence is submitted to him show-
ing that there has been a miscarriage
of justice for or against Moyer or
Haywood he will bring such evidence
to the attention of the attorney gen-
eral for action.

MEMORIAL DAY COMMITTEE

Veterans Will Frame Program for
Proper Sort of Observance.
A committee composed of Geo. H.
Dalton, B. Bryant and Henry Vincent
has been appointed by the Wilson-
Colwell post of the G. A. R., to meet
with committees to be appointed by
the other G. A. R. posts to frame a
program for the Memorial day cele-
bration.
The G. A. R. will work in conjunc-
tion with the Spanish war veterans
and as soon as the different commit-
tees get together and the program
made out, it will be published.
Nothing definite has as yet been
decided upon, but it is supposed that
the celebration will be along the
lines as those carried out in previous
years.

FREDDY WESTPHAL DIES.

Freddy, fifteen-year-old son of Mr.
and Mrs. Christ Westphal, died at his
home, 1414 Farwell street, this
morning at 4 o'clock. The boy was
very badly crippled since five years
ago, when he suffered from a paral-
tically stroke. The funeral arrangements
will be announced later. Mrs. Theo.
Mannstedt is in charge.

CONGRESSMAN BURTON SUSTAINS JUDGE REID'S POSITION!
WILL YOU GO TO MADISON TO SUPPORT A
BILL THAT IS VITAL TO LA CROSSE?

At 10 o'clock this morning ten La Crosse business men had accepted the invitation to represent
the board of trade at Madison Wednesday, appearing before the senate committee during its hear-
ing on the Ray S. Reid waterways commission bill.

There should be a larger attendance. The matter under consideration is one the vital impor-
tance of which is recognized by President Roosevelt, who has done exactly what this state is asked to
do by Secretary Reid—he has appointed a commission to study into the needs of the river and the
best methods of establishing profitable navigation.

When, during the last waterways convention, Judge Reid charged that that body was dominat-
ed by interests seeking to render the improvement ineffectual, there was a mighty storm of protest,
but last Saturday CONGRESSMAN BURTON SAID THE SAME THING. He had been asked by the
St. Louis Business Men's association to do some co-operative work. This association is affiliated
with the waterways association. Among its members are the very men whom Judge Reid criticized.
Congressman Burton replied in an open letter, questioning their sincerity and declining to deal with
them. The letter was addressed to Governor Johnson of Minnesota, and is as follows:

"The invitation of the Lakes to the Gulf Deep Waterways association, as conveyed in a letter of
April 25, is for a trip of inspection along any of our inland waterways—viz: from Chicago through
the drainage canal, in the Desplains and Illinois rivers, and then down the Mississippi to New Or-
leans or the passes."

"It is our hope that if we take another trip in the autumn we may start from a point farther
north."

"I regret that the officers of this deep waterway association, who are also officers of the Busi-
ness Men's league of St. Louis, have conducted such a campaign of misrepresentation that I can
hardly deal with them."

"I cannot think that in the advocacy of the improvement of waterways truthfulness and hon-
esty in the presentation of facts and arguments should be disregarded."

"It is my hope that they will realize the necessity of clearness and pursue a different course."
T. E. BURTON.

"Chairman of Committee on Rivers and Harbors."
When, subsequent to Judge Reid's proposal of a state commission President Roosevelt recog-
nizes its desirability by creating a national commission, and when his protestations that the water-
ways association is ineffectual because dominated by corporation interests is substantiated by Con-
gressman Burton, chairman of the rivers and harbors committee of the federal congress, La Crosse
should recognize that he is on the right course. When he says that in the item of coal alone this
bill means hundreds of thousands of dollars annually to La Crosse, this city should take him seri-
ously in view of the corroboration of his assertions by the greatest authorities in the nation.

THE TRIBUNE urges the business men of La Crosse to go heart and soul into this affair, and
to show their earnestness by their presence at Madison next Wednesday morning.

State Department at Washington Ad-
vised of Final Breach of
Friendly Relations

WASHINGTON, D. C., May 6.—
The state department is advised that
Mexico has severed all diplomatic re-
lations with Guatemala as a result of
Guatemala's refusal to surrender to
Mexico Jose Lima, Cabrerias' close
personal friend, who is accused of in-
vestigating the recent murder in Mexi-
co City, of Barillas, former president
of Guatemala. The American legation
at Guatemala City will look after
Mexican affairs in Guatemala.

LOWER EXPRESS RATES

Interstate Commerce Commission Or-
ders a Reduction

WASHINGTON, D. C., May 6.—
The interstate commerce commission
has ordered the United States Ex-
press company to desist from charging
the excessive rate of \$1 per 100
pounds on cut flowers from the
Chatham district, New Jersey, to New
York city. This decision is regarded
as of special importance, as it is the
first by the commission involving the
reasonableness of an express rate.

The order of the commission re-
quires the express company to cease
charging the \$1 rate after the 15th
day of June, and directs the company
on or before that date to put, in a
60 cent rate from Chatham to New
York city, also from other points.

The case was brought by the Soci-
ety of American Florists, who claimed
the rate charged by the United States
Express company on cut flowers from
New Jersey points to New York city
was excessive and unjust.

GIVE UP INTERSTATE TRADE

CHICAGO, Ill., May 6.—Forty-six
establishments have been compelled
to give up their interstate trade, but
retain their state trade, on account
of the enforcement of the inspection
law during the last ten months, ac-
cording to a statement by Dr. A. B.
Marvin, chief of the bureau of animal
industry, made in an address to the
meat inspectors this afternoon. He
says the companies preferred to
lose their interstate trade rather
than take the expense of complying
with the laws. He said many plants
have been closed for using prohibi-
ted preservatives.

STANDARD FINED \$49,840,000.

CHICAGO, May 6.—The govern-
ment attorneys while today arguing
against the appeal of Standard Oil
for a new trial, asked the court to
assess a fine of \$20,000 on each in-
dictment. As conviction has been
obtained on 1,492 counts of rebating,
the total of the fines would amount
to \$49,840,000.00.

MOUNT PLEASANT, Iowa, May
6.—Dr. John Watson (Ian MacLaren)
died here this afternoon of acute ton-
sillitis. He was taken ill on a train
enroute from Minneapolis on a lec-
ture tour. He was taken from his
train to a hotel in this city. His
wife was at his side. The disease be-
came acute and ulcers formed, one
of which broke Saturday and being
in a hard place to reach the wound
was not subject to treatment.

Watson was born at Mannington,
Essex county, England, on Novem-
ber 3, 1850. He was educated at
Stirling and Edinburgh, Scotland.

DR. JOHN WATSON

and entered the Presbyterian minis-
try in 1874, and soon became noted
as a pulpit orator and a preacher of
rare force and attractiveness. He
gave a lecture series at Yale University
in 1896. From 1880 until 1905
Dr. Watson was pastor of a large
Liverpool congregation. He made a
tremendous sensation in literature in
1894, when he published "Beside the
Bonnie Erier Bush." Since then his
books have been read with enthusi-
asm by all lovers of English fiction
and translated into both French and
German. His home is in the suburbs
of Liverpool.

THREE IN GRAFT NET

CHICAGO, Ill., May 6.—Sergeant
Prendergast and Detectives McNulty
and McGrath were today suspended
pending an investigation of graft
charges made by the grand jury
against police officers and ex-officials.
Prendergast is accused of "conduct
unbecoming an officer." It is said
he collected evidence upon which
Collins based his charges against for-
mer Inspector Lavin, who was charg-
ed with "framing up" a burglary to
gain promotion. Lavin was exoner-
ated, but resigned. It is believed
Mayor Busse will reinstate him.

FIRST GUN FIRED
IN HAYWOOD CASE

DEFENSE DEMANDS BILL OF
PARTICULARS TODAY.

COULD NOT HAVE ACTED

Defendant Was in Colorado and In-
dictment is Said to Be
Defective.

BOISE, Idaho, May 6.—"The state
charges this man with a crime it is
impossible he could have committed
and has refused to indicate how he
could have done it. The indictment
of Haywood, charged with the murder
of Stuenkel at Caldwell, Idaho, Dec. 13, 1905, when Haywood
was in Colorado. Then the crime
must be conspiracy to murder, while
the indictment charges murder. We
appeal to the court to compel the
prosecution to show what overt act
is alleged before the trial is fixed."
Thus forcefully E. F. Richardson,
of Denver, senior counsel for the
Moyer-Haywood-Pettibone defend-
ants, today fired the opening gun in
the case, the main trial beginning
Thursday. The proceedings today
were a purely technical application
for a bill of particulars. Attorney
Hawley and Borah for the state,
argued against it, declaring the pro-
secution must not be limited by a
bill of particulars. The judge took
the point under advisement.

MARVIN BOY STARVED.

Deep Mystery Surrounds Death of
Child.

DOVER, Del., May 6.—The body
of little Horace Marvin, who disap-
peared from his father's home at
Kitts Hammock, near here, March
4, was found this afternoon in a
marsh only half a mile from the Mar-
vin house.
The child died a miserable death
from starvation and exposure. Every
effort is now centering upon the in-
vestigation as to whether this oc-
curred while in the hands of some
person, who while holding the child
prisoner, failed to care for him, and
becoming frightened at his death,
threw his body into the pool where
it was found.

The boy was not drowned. He did
not die upon the 4th of March, the
day when he disappeared. The au-
topsy showed that the boy remained
alive for about forty-eight hours af-
ter he was last given food.

But two theories remain. One,
that the boy was taken from the farm
and allowed to perish by his kidnaper.
The second, which is laughed at
by the farmers in the district who
know the facts, is that he must have
wandered about for two days and
died on open land, perfectly visible
in all directions, while hundreds of
men were searching for him, and this
within one-third of a mile of his
home.

"WHY DIDN'T YOU DO A GOOD

Woman Who Is Suing for Divorce
Has no Mercy for Her Unfor-
tunate "Worse" Half.

"Why didn't you do a good job,
Louis? Wait until I can get at him,
and I'll bet I'll have to pay a good
fine." These were the words with
which Mrs. George Olson, of the New
York Dye and Cleaning company, re-
proached Louis Olson, an employee,
in the county sheriff's office, when
she paid his fine of \$15.00 and costs
for assaulting her husband.
Mrs. Olson paid the fine cheerfully,
and throughout the trial Louis
Olson grinned complacently at his vic-
tim, whose jaws protruded consider-
ably and whose general aspect was
as though his assailant had taken
out his money's worth.

When arraigned Louis Olson
pleaded guilty, but before sentence
was passed the state's attorney asked
that the case be reviewed.

Olson admitted having been con-
victed several times before on simi-
lar charges, and that he had assau-
lted the plaintiff in a saloon without
words or other provocation, and beat-
en him insensibly.

Judge Brindley made the penalty
especially severe, the fine and costs
amounting altogether to \$19.82.
Mrs. Olson, wife of the victim, paid
this a few moments later in the sher-
iff's office, expressing her regret that
the defendant had only been able to
take out about \$20.00 worth.

The quarrel is the result of an ac-
tion in circuit court before Judge
Fruit, where Mrs. Olson seeks a di-
vorce from her husband and asks
that he be restrained from interfer-
ing with her business alleging that
he gets drunk and mismanages her
affairs.

PARTRIDGE CIGAR CO. GROWS

Capitalization Increased From \$15-
600 to \$25,000 as Result

In order to double their output,
and increase their factory to twice its
capacity, the Partridge Cigar company
of this city today increased its cap-
ital from \$15,000 to \$25,000. The
company recently purchased two
buildings at 111 and 113 Main street,
formerly occupied by David Bailey
and B. Trepte, and they moved into
them last week. New machinery is
being installed, and the factory force
will be increased from twenty-five to
forty hands.

The new officers of the corporation
are: William Tisch, president; Frank
Kirm, vice president, and Fred Baum,
formerly of the Pamperin Cigar com-
pany, secretary and treasurer.

OLSON DAY IN COURT

Ed Olson Pays a Fine for Assaulting
Fritz Czarnetzky

Today was Olson day at county
court. Olsons in trouble, and trou-
bles of Olsons, occupied the attention
of the court the entire day.

Ed Olson was arrested and appear-
ed before the court charged with as-
saulting and severely choking and
otherwise bruising Fritz Czarnetzky.
Several Olsons appeared in his de-
fense and the case was set for Sat-
urday morning.

More Olsons appeared when the
sheriff brought in Louis Olson, charged
with assaulting and severely beat-
ing George Olson. Louis Olson's fine
was paid by Mrs. George Olson, who
said she was sorry that Louis Olson
hadn't done a better job with George
Olson, her husband.

WON'T ACT ON SUCCESSOR.

Board of Education Will Act Upon
Resignation of Prof. Hemmenway.

At the regular meeting of the La
Crosse board of education which will
be held at the new High school build-
ing this evening, the resignation of
Principal W. R. Hemmenway, recent-
ly tendered will be acted upon.
No action will be taken as to a
successor to Prof. Hemmenway un-
til the teachers are chosen for the
fall term, as the resignation will not
go into effect until the close of the
present semester.

CANCEL CRAWFORD'S PATENTS

WASHINGTON, D. C., May 6.—
The case against Governor Crawford
of South Dakota, charged with ille-
gally filing land patents, was referred
to the department of justice. Mr.

eral land office, stated that the bu-
reau has completed work on the
case after cancelling all the patents
filed by Crawford.

SO SAY PRESIDENTS
NEW COMMISSION

ONE WEEK'S SESSION SHOWS DE-
PLORABLE CONDITION

INTERSTATE IS POWERLESS

Law Gives It No Authority to Regu-
late Affairs of Water Trans-
portation Companies

CHICAGO, Ill., May 6.—A Wash-
ington dispatch to the Chicago Trib-
une says:

Although the inland waterways
commission created by the president
has been in session but one week its
investigation has developed facts of
greatest importance to the people of
the United States, not only from a
health but also from an economic
point of view.

Commissioner of Corporations
Smith has reported to the commission
that an inquiry made by the bureau
of corporations into the relation of
the waterways to transportation has
established their subservience to rail-
road interests.

It is expected that within a few
months Commissioner of Corporations
Smith will submit to the pres-
ident a report regarding road rates
of water transportation on railroad
rates. The statement he made to the
inland waterways commission shows
that there is practically no competi-
tion between the railroads and the
inland waterways or between the rail-
roads and the coastwise steamship
lines. Practically all the canals
which are not state enterprises are
owned by the railroads, and in the
case of the rivers and lakes the rail-
roads either own the river and lake
lines or have a working arrangement
with the companies that do.

Railroads Nullify Competition
The railroads deliberately have set
out to destroy water competition and
they have succeeded. The railroads
claim that the waterways are respon-
sible for the low rates on long hauls,
as compared with those charged on
the short hauls. As a matter of
fact, there is no foundation whatever
for this claim, because of the control
over water transportation the rail-
roads exercise.

Congress up to this time has de-
clined to give the interstate com-
merce commission authority over the
watercarriers except in connection
with the establishment of through
routes and joint rates, and the last
railroad rate law specifically stated
that its provisions should apply to
carriers partly by railroad and part-
ly by water only when both were
used under common control, manage-
ment, or arrangement. The commis-
sion has no authority over the water
carriers lacking railroad connections.

INSPECTOR IS HERE

R. C. MARTIN ARRIVES FROM
CHICAGO AND TAKES UP
INSPECTION WORK.

R. C. Martin of Chicago, recently
appointed electrical inspector for the
city of La Crosse, arrived in the city
this morning to take up his duties.
In company with Alderman Walter
Rose he has been making the rounds
of the city hall today making the ac-
quaintance of the city officials.

Mr. Martin will have his office with
City Engineer W. S. Wood, and will
takeup his official duties tomorrow.
He will have considerable work to
do in view of the fact that the office
is a new one to the city. He will at
once plan an outline of his work.

EXCITED DOG SHOT FOR MAD.

Officer McGrath Ends Panic by Send-
ing Bullet Into Luckless Canine

A dog tearing around as though
mad, chased by a man on a bicycle,
caused much excitement on Main
street and adjacent thoroughfares
this morning, caused a panic among
the school children of the Second
district school and was finally shot
by Officer McGrath as it ran on the
porch of its owner, 519 Cass street.

It is stated that the dog was af-
flicted with hydrophobia, and that it
sunk its fangs into the limb of a boy
on Main street, but from the fact that
the animal was not frothing at the
mouth, Officer McGrath believes that
it was suffering from black dyptheria,
a disease which is prevalent among
the canines and makes them tear
as though mad. After the scare on
Main street a man took up the dog's
chase on a bicycle. It ran through
the school yard of the Second dis-
trict school just at the recess hour
and badly frightened the children.
The dog bit no one but the boy on
Main street, his name not being
learned.

THE BACKFIRE OF REFORM

A news item in a Chicago paper
reads as follows:

"As a result of the conference which occurred here today between the president and Secretary Taft on the one hand, and Governor Deneen on the other, the way has been paved for an understanding at the proper time which will insure the support of the Deneen machine for Taft at the republican national convention."

This new idea of presidents and governors that they have an ex-officio right to select their successors is not democratic. That citizens do, and will, resent it is a positive fact. That it would be better were it not necessary, if it is necessary, goes without saying. THE TRIBUNE has been opposed to the practice, and will never approve it unless there be found some good reason for it. It is an autocratic assumption of privilege that can be justified only by the unquestionable existence of conditions making it expedient. The chief objection to it lies in the fact that it brings into active play the power of the personal political machine.

But there are two sides to the story. It is easy to refer to the good old days when nothing was cut and dried, but all the candidates went in to convention on personal merits, and the best man won. This is the dream of a long fatal illusion. In those "good old days" nothing was cut and dried by the people, but the corporations had things cut and dried to perfection. In fifteen years of those "good old days" the earnest appeals of the interstate commerce commission were unavailing to secure from congress an extension of their powers. Why? Probably because the people had nothing cut and dried, while the big financial interests did. It is high time the people began to cut and dry.

Who are "the people?" By what, or by whom, are they to be represented in the cutting and drying process? Here is the weak spot in the argument against the policy of bequeathing public office. The corporations are organized. They have their machines in every state. Men like Roosevelt and La Follette who have condemned the political machine and political bossism, have found that they must themselves maintain political machines in order to combat the influence of the corrupt machines they are fighting. The men in power, honest and patriotic men, become bosses. Their machines are the only influence of sufficient power to prevent the corporation machines from naming their successors in office. It is regrettable, but we are obliged to admit it is true, that the dictation of Mr. Roosevelt, distasteful as it is, is all that stands between the republican party and the nomination of a standpat who will drop the splendid policy of the present incumbent like a hot potato.

The full power of Mr. Roosevelt's machine cannot become effective because of the friction created by the unpopularity of the thought that any president shall be the Warwick to make another president. La Follette's powerful machine was powerless to elect Lenroot.

The "frame-up" for Mr. Taft that is being engineered by President Roosevelt strikes no popular chord in this section, but if he will revise his plan so as to continue to present an impregnable front to the aspirations of Fairbanks, Cannon, Foraker and men of their stamp, at the same time not interfering with the power of the convention to make ITS OWN selection of La Follette, Hughes or some other man of like qualifications and views, the public will gladly make the concession that his political activity is, at worst, a necessary evil.

A HUMANE JUDGE.

"If ever again you are so hungry that you cannot resist theft to satisfy it—there being no other way—steal bread."

That was the advice of Judge Crow of the Chicago municipal court, given to Chris Jacobson, a laboring man recruited there by the army of the unemployed. Spurred to "crime" by the pangs of hunger, Jacobson had stolen a loaf of bread, and was caught in the act. The judge did not raise him to be punished; he did not even reprimand him. He told him if it became necessary, to do it again.

That was not according to the letter of the statutes. There are courts, too many courts, that would have

pursued a different course. Judge Crow, acting for the law of the sovereign state of Illinois, could have demanded his pound of flesh. The records of Judge Crow's court show that about two years ago his honorable predecessor sent to a six-months prison term a man who stole a loaf of bread and gave it to his hungry wife and seven children. That was law.

But Judge Crow is more man, if less judge, than his predecessor. Humanity cannot be bad law. The first statute against larceny reads, "Thou shalt not steal." The giver of that law would not have penalized Jacobson, and He is Chief Justice of the Supreme Court.

ADVERTISING CHRISTIANITY.

An Illinois pastor believes in advertising the church. In a public discussion of methods profitably employed in reaching the "unchurched," Dr. Dyer said:

"In our church we find advertising most effective. We diversify the advertisements as much as possible so as to prevent monotony among them. The results for good are very much greater than one would imagine. Men on the streets see that the church is at work and they become interested, as they would not if they heard nothing of it."

The idea of Dr. Dyer is not new in La Crosse. It has been used with good effect by Rev. James Irish of the King street Methodist church. Other La Crosse pastors have tried it, but none have tested it so thoroughly and successfully as has Rev. Irish. Advertising is not an experiment. It is a thoroughly exploited instrument of business. It's application to the needs of congregation building is logical, and intelligently employed it can be depended upon to produce excellent results.

Meeting Mark Twain in a popular New York club, an acquaintance informed him that evening papers had him in "Davey Jones' locker" along with the yacht and person of his host, Henry H. Rogers of Standard Oil. Mr. Clemens said he was quite sure that the bark of the Jolly Rogers was safe, and that he was himself ashore and "padding his own canoe." "But," said the humorist, with an air of admitting a doubt, "you can assure all of my friends I will make an exhaustive and rigid investigation of the rumor; and if there is any foundation for the story I will at once advise the anxious public of the facts. I sincerely hope the report is not true, and suggest that all my friends suspend judgment till such time as I can ascertain the true state of affairs."

The process of prosecuting Chief of Police Collins of Chicago would be in better form were the politics there in it not in it. Doubtless he has infringed the civil service rules, and he may have done worse, but the crime he has done in the eye of the Busse administration is his opposition to the election of Busse.

The announcement that in Paris palmistry is a fad and palmists are flourishing indicates that in France the "big mitt" belongs to the school of realism.

PROGRESS OF FOOD LEGISLATION

(The Retailers' Journal.)
An important point affecting the rights of a retail grocer against a manufacturer has been decided in favor of the retailer by a Pennsylvania court.

A manufacturer sued the retail grocer for an unpaid bill. The defendant admitted the bill was due, but claimed the right to deduct from the bill the fine and costs he had paid for selling plaintiff's goods which did not meet the requirements of the pure food law, and were sold to the retailer under a guarantee, the court held:

Defendants' claim of set-off, being for a penalty, cannot be allowed in this action. It is undoubtedly the law that in an action of assumpsit a set-off that is purely penal in its nature cannot be permitted. The question then arises, is the set-off claimed in this case a penalty in the sense meant by the decisions in the above cases. We are inclined to think they are not. As between the plaintiffs in this case and the defendants in this case the penalty is in the nature of liquidated damages for breach of contract. It was a penalty as between the Commonwealth of Pennsylvania and either the plaintiffs or the defendants, whichever should be made the subject of the proceedings for selling impure goods. The verdict of the jury in this case has established the fact that the plaintiffs did guarantee to the defendants that this catsup would stand the test of the pure food laws, when it in fact did not stand the test of the pure

test, and the defendants were obliged to pay \$61.89 by reason of the impurity of the catsup, whereby a breach of contract of guarantee was established. This was the very thing the defendants were to be protected against. The measure of damages suffered by them by reason of this breach is defined and easily ascertained by the amount paid to the pure food department.

Patience as a Virtue

"How long would you be willing to wait for me?" she asked, in tones so low he could scarcely catch the words. And then she went on: "You know, George," she said, "father has recently invested in a silver mine, and is going there at once, and I cannot leave mother alone. So I ask you again, George, how long would you be willing to wait for me?" "Wait for you, my darling?" repeated George, with deep emotion, for his was no fleeting love, dear reader, I will wait for you until we learn how the silver mine turns out."—Tatler.

JUST LIFE

In Arid Iowa

A young man in Grinnell has had the sad experience that it does not pay to monkey with the liquor laws. He drew a fine of one hundred dollars and has to spend four months in durance vile.

It seems that the gentleman bought a jug of the truck that made Milwaukee famous, and that later on a few companions "chipped in" on the price of the booze and drank it. It seemed an innocent transaction until the federal authorities got wind of it. This body at once concluded that the young man had "sold liquor without a license," which is against the peace and dignity of the state of Iowa, and cited the culprit before an unfeeling judge who affirmed the decision of the federal authorities and the young man is now expiating his crime in a dungeon. "The way of the transgressor is hard."—New Albin (Ia.) News.

Anent a "Have Something." George Sobotta, our progressive, energetic young farmer, was in town last week. George, you are certainly the business man here, and no mistake about it.—North Creek corr., Arcadia (Wis.) Arcadian.

Reflections.

It is selfishly unreasonable for our patrons to bring us in small pieces of job work "to be done right away," on publication day and the day before. We won't do it. To ask us to delay the publication of our paper a day for your own selfish ends is a little too much of that particular kind of good thing. On press day and the day before the whole force is busy as bees on the paper, and we won't delay it just because you "forgot" to order your job work in time. And, by the way, don't get hot if you bring in an item for publication just as we go to press and it fails to appear; it may be crowded out, piled in the makeup or any one of a score of things might happen to it in the rush that would prevent it being printed. Be decent; if you can't be decent, be as decent as you can.—Lanesboro Leader.

NEWSPAPER ADVERTISING EFFECTIVE

(St. Paul Trade Journal.)
The statement is made that when the newspapers of Butte, Mont., were closed on account of labor difficulties, the merchants within a week felt the effects in the amount of their business. As a result of one week of no newspapers, the merchants found that business had decreased 60 per cent.

When the local newspaper is well edited and has a good circulation, it is probably the best and cheapest medium for store advertising; although the well gotten up circular mailed direct to the trade is powerful "business getter," and should be used at least once a month in conjunction with the newspaper advertising.

While we feel that too much cannot be said in favor of good advertising, merchants must not expect too much of it. Many times a good ad will consummate the sale for the goods advertised; but, as a rule, this is more than should be expected. If the advertisement brings the people to your store, making inquiry for the goods in question, the ad has practically done its duty, and it is then "up to" the genuineness of the values claimed and the salesmanship ability of the clerks or the proprietor to close the deal. It is really just as essential to have polite, obliging clerks with the ability to sell goods as it is to have your advertising right.

THE DISASTER AT CANTON.

(Evening Wisconsin.)

That the Chinese are quickly assimilating characteristics of the Caucasians is revealed with a touch of gruesome humor in the reports of the blowing up of one of the powder magazines of the arsenal at Canton. France recently lost a warship at Toulon by the explosion of its main magazine. The attribution of the French accident to the action of Hertzian waves sent broadcast into the atmosphere in the process of wireless telegraphy may or may not be correct. The Chinese accident is traced to carelessness of a simpler form. More than a score of bodies have already been taken from the ruins, one of them being that of the officer who was in charge of the magazine when the accident occurred. His dead hand clenched a pipe, suggesting the theory that his addiction to smoking was the cause of the explosion.

Dogged carelessness like this is distinctly Caucasian. The Chinese are becoming "More like Melican man ebely day."

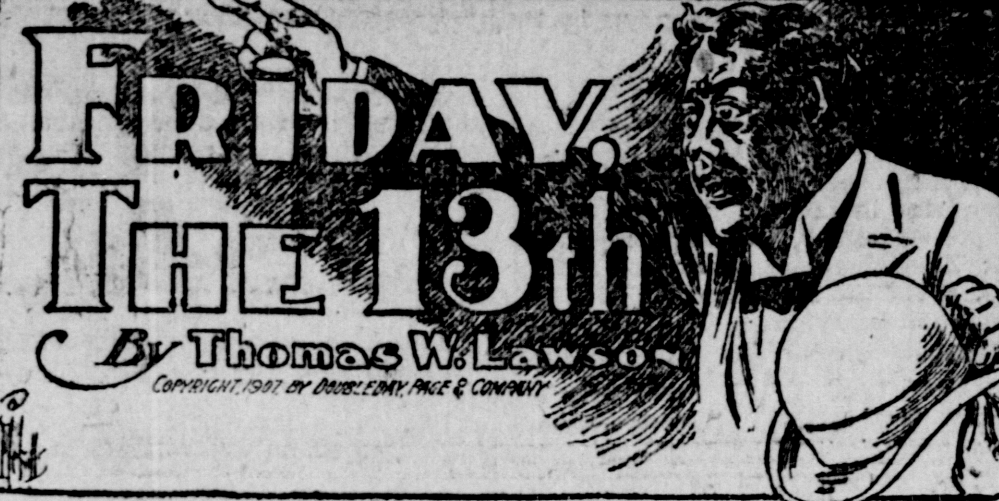

"George, why did you take those pennies out of my purse?"
"I wanted some candy, mamma."
"Do you know where little boys who steal pennies go?"
"To the penny-tentiary, I guess mamma."—Denver Post.

"Pop!"

"Yes, my son."

SYNOPSIS.

CHAPTER I—Bob Brownley creates a panic in Wall street. He is a friend of Jim Randolph of Randolph & Randolph, bankers and brokers. Brownley and Randolph had gone to college together and entered the employ of Randolph's father at the close of college days. Brownley is a Virginian by birth. Beulah Sands, daughter of an old Virginia house, calls on Brownley and tells him her father has been practically ruined by the stock operations of Reinhardt. She hopes to utilize her own money in Wall street in retrieving her father's fortunes before his condition becomes known, and asks for employment in the office that she may have an opportunity to better understand how her money is invested. She does not want it used in a purely Wall street gamble, but in the buying and selling of legitimate securities. Brownley agrees to help her, and falls in love with her.

CHAPTER II—Brownley plunges in sugar stock. He uses the money of Miss Sands, his own and in addition is backed heavily by the Randolph millions. His coup seems successful, and he tells Miss Sands that she has cleared \$1,000,000. But the market had not closed.

CHAPTER III—Barry Conant, head broker for Standard Oil and sugar interests, suddenly begins to sell "sugar" in the midst of a panic he breaks the market and with its fall carries away the earnings and much of the capital of both Miss Sands and himself. A pretty love scene occurs between the two at the office when Barry attempts to tell her the terrible truth of their fall. Brownley takes a train to Virginia.

CHAPTER IV—Beulah and Bob become engaged. Randolph wants to loan her father the money to meet his obligations. She refuses. Bob figures on how to beat Wall street at its own game. Sugar takes another sensational spurt upward, but Brownley keeps out.

CHAPTER V—The "bulls" toss sugar to record breaking point, and the "street" goes wild. Barry Conant, for the "system," pushes prices up and up, and a wonderful clean-up is promised when the exchange closes, Thursday, November 12. Sugar opens higher Friday morning, November 13. When the price had passed all bounds Brownley steps into the pit and begins to sell. He sells every share "the system's" brokers will take, and pounds the price down and down until failures are of momentary occurrence, and "the system" has lost millions. He has made millions for Beulah Sands and his father.

CHAPTER VI—Beulah Sands insists upon being assured that there is no disreputable connection with the money he has made for her, and he cannot honestly answer "no." He leaves her to think it out. When he returns he finds her staring at the glaring headlines of a newspaper extolling him as a hero. He kills his wife, his daughter and himself, and Beulah Sands had gone crazy.

CHAPTER VII—Bob Brownley marries beautiful, insane Beulah Sands and takes her to Virginia. The sight of the old home does not restore her reason, and he returns with her to New York and builds a palace for his bride, one floor of which is devoted to the study of the stock market. He begins plunging on the "street" and adds millions to his now great fortune. He always opposes the "system." His every appearance on the floor of the exchange means panicky conditions. Time after time he has saved the street from its misery, but relents before the great crash comes.

CHAPTER VIII—Brownley proposes to break Wall street. In the midst of a panic he has created Randolph threatens to commit suicide if he does not stop. He stops, but assures his friend that it is the last time he will stop, that the next time he will complete the job when he begins it. Brownley "bears" Anti-Peoples' Trust stock. He pounds "the system's" prices down, down, down.

"I might never have done so but for that Sugar panic in which I was robbed of millions by the 'System' through Barry Conant. In that panic the 'System,' with its unlimited resources, flched from the people by the arbitrary manufacture of stocks, and by their manipulation did to me what I afterward discovered I could do to them, without any resources other than my right to do business on the floor of this exchange. You saw the outcome, in the second Sugar panic, of my first experiment. In a few minutes I cleared a profit of \$10,000,000. I could have made it fifty millions, or one hundred and fifty, but I was not then on familiar terms with my new robber-robbering device, and I had yet a heart. To make this ten millions of money, all that was necessary for me to do was to sell more Sugar than Barry Conant could buy. This was easy, because Barry Conant, not knowing of my newly invented trick, could buy only what he could pay for on the morrow, or, at least, what he believed his clients could pay for; while I, not intending to deliver what I sold—unless by smashing the price to a point where I could compel those who had bought to resell to me at millions less than I sold at—could sell unlimited amounts—literally unlimited amounts. When Barry Conant had bought all that he thought he could pay for, he was obliged to beat a retreat in front of my offerings, and I was able to smash, and smash, until the price was so low that he could not buy the use of what he had bought, as collateral, borrow sufficient to pay me for what I had

sold him. Then he was compelled to turn about and sell what he had bought from me, and when I had re-bought it for ten millions less than I had sold it for, the trick had been turned. I had sold him 100,000 shares say at 220. He had sold them back to me say at 120, and he stood where he had stood at the beginning. He had none of the 100,000 shares. Both of us stood, so far as stock was concerned, where we had stood at the beginning.

At the time of the ecclesiastical trial of Professor Woods of Andover theological seminary, for alleged heresy, a retired New Hampshire

"Think!" said the other. "I think that John L. Sullivan will knock the stuffing out of the presumptuous cuss in the first round."—Boston Herald.

Proves Politeness Always Pays

"Politeness," said Senator Gallinger, in the hope of stilling a rather acrimonious argument in Concord, "always pays."

His flushed listeners looked up at him in inquiry, and he smiled and repeated:

"Politeness always pays. Two little girls I knew were set before a plate containing two bunches of grapes—one a very large and tempting and perfect bunch, the other small and hard and green.

"The two little girls looked at the two bunches for a space in silence. Then the polite child said:

"'Is 'oo gweedy?"

"'No,' the other answered; 'T's not a bit gweedy."

"Then, said the first, 'oo choose.'"

INTEREST CENTERS IN GEIL LECTURE

NOTED TRAVELER WILL TALK
HERE TOMORROW

ANNOUNCEMENTS FOR WEEK

What Is Planned by Various Organizations in La Crosse Churches
During Next Few Days

The address of William Edgar Geil, the African explorer who speaks at the Congregational church Tuesday evening, May 7, will be one of the leading events of the week. He traveled into the interior further than either David Livingston or Henry Stanley, becoming thoroughly acquainted with the country and the various tribes of people. His lecture will deal especially with those wonderful little people, the Pigmies.

This is the second visit of Dr. Geil to La Crosse, having delivered his famous lecture on "Cannibals, Before and After," about six weeks ago. He so delighted the audience on that occasion that he was requested to come again and speak on his experiences in the heart of Africa. Undoubtedly there will be a crowded house to hear him.

While in England Dr. Geil greatly interested the people. The following is from the Harrogate, England, Advertiser:

"During the week vast crowds have attended the Kursaal to hear William Edgar Geil, F. R. G. S., the celebrated American traveler, author, and lecturer. Mr. Geil is a born leader of men, and a brilliant lecturer. He has a wonderful personality, a ready wit, and a Heaven-given faculty of gaining at once a 'grip' upon an audience."

Lutheran Entertainments
Mrs. Albert Wingstad will entertain the Ladies' society of the Trinity Lutheran church on Avon street Tuesday afternoon in the church parlors, and Mrs. Anton Bergerson will entertain the Young Peoples' society at the same place in the evening.

A good program has been arranged for the meeting of the Young Peoples' society. Attorney James Thompson will deliver an address and the Nelson Brothers Mandolin club from the South side will furnish the music.

St. Paul's Y. P. C. U. Meets
The Young Peoples' Christian union of St. Paul's Universalist church will hold its regular monthly business meeting Tuesday evening, May 7, at the home of Miss Mary Chamberlain, 518 Ferry street. All members are requested to be present.

Miss Weiskotten Tomorrow
Miss Emilie Louise Weiskotten of Rajamundry, India, who is to speak in the English Lutheran Church of the Holy Trinity tomorrow evening, brings with her many interesting curios and costumes which she will exhibit. The reception which will be tendered her in the church parlors tomorrow afternoon is for the ladies of the church. The meeting tomorrow evening at 8 o'clock is for the public. Admission is free to every body, but an offering will be taken for the general council mission in India which Miss Weiskotten represents.

Prepare Fine Program
The executive committee of the Men's club of the English Lutheran Church of the Holy Trinity is making plans for an exceptionally interesting meeting of the club for next Friday evening. Besides a musical program they hope to have with them a man prominent in public life to deliver an address. For those who are able to come early a supper will be prepared and served at 6:30 p. m. This meeting will be of a public character, the male friends of the church and the members being invited.

First M. E. Calendar
The Epworth league of the First Methodist church will hold the regular annual election of officers Friday

night in the ladies' parlor of the church.

The Junior Epworth league will have a basket social tonight in the social hall of the First Methodist church.

Other announcements for the week at the First Methodist church are as follows:

Monday, 7:30 p. m.—The social committee of the Epworth league will meet in the church parlors.

Wednesday, 2:30 p. m.—Mrs. Cutting's circle will meet with Mrs. Breese, 330 North Twentieth street.

Wednesday, 7:30 p. m.—Prayer meeting. Topic: 1 Peter, 5.

Thursday, 3 p. m.—Mrs. Bradfield's circle will meet in the ladies' parlor.

Thursday, 7:30 p. m.—Young Peoples' Forward Mission Study class will meet with Miss Hall, 1325 State street.

Thursday, 6:30 p. m.—Men's club supper in social hall. Supper 25 cents.

Next Sunday evening the Epworth league will have charge of the evening service on the occasion of the anniversary of the league. An interesting program is being prepared.

Baptist Poverty Social

One of the interesting events of the week will be the "poverty social" at the home of Mr. and Mrs. E. G. Boynton, 324 West avenue south, Friday evening, May 10.

The program which is as follows is printed on brown wrapping paper and advises all to "come in your rags, come in your rags," but not in velvet gowns, or you will be fined the usual some. Read the program and all kum."

SLIGHTLY COOLER WEATHER

The weather remains the same for the next day or so according to the prediction by Observer Thompson. The prediction for La Crosse and vicinity is fair tonight and colder, with a slight frost, fair Wednesday. The highest temperature today was 56 degrees, the low 34. There was a four mile wind.

Of general weather conditions throughout the country, Mr. Thompson says:

A area of low pressure extends from the north Pacific coast to Texas, and thence northeastward into the Ohio valley. The pressure is relatively high in the Missouri valley and adjacent Canadian territory. Precipitation has occurred in nearly all districts, except in the northwestern states, and it is raining this morning from the central Mississippi valley to the New England states. The following 24 hour rainfalls (in inches) have been reported: Modena, Utah, 1.26; Shreveport, 4.18; Memphis, 2.56; Cairo, 1.68.

Generally fair weather is indicated for this section tonight and Tuesday, with lower temperature and frost tonight.

Wonderful Eczema Cure

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at O. T. Erhart's drug store. 50c.

COMMON COUNCIL PROCEEDINGS

(Continued from Page Four).

Alderman Emery offered the following resolution which was unanimously adopted on call of the roll. Ayes, 16; nays, 0.

RESOLUTION.
Resolved, by the mayor and common council of the city of La Crosse, that an order be drawn on the city treasurer in favor of Wendell & Green for the sum of Five Hundred (\$500.00) Dollars to apply in part payment on their contract to audit and install a system of bookkeeping in the city of La Crosse.

Alderman Emery presented the referred bills which were referred to their proper committees.

Alderman Schulze offered the following report which was adopted by viva voce vote.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen:
Your committee on fire, to whom was referred the petition of the captains of stations No. 2, 3, 4 and 5 and lieutenant of station No. 1 for an increase in salary of Five Dollars per month, beg leave to report that we have had this matter under consideration and would recommend that the prayer of the petitioners be granted and in order to accomplish this it will be necessary to amend the ordinance passed last December changing the salaries of the fire and police department and we will offer at this meeting an ordinance for its first and second reading to accomplish this result.

ROBERT SCHULZE,
W. W. WITHEE,
JOS. C. HOUSKA.

Committee on Fire.

Alderman Schulze read for its first and second reading an ordinance to amend an ordinance entitled, "An ordinance to establish and fix the salaries of officers and men in the fire department of the city of La Crosse."

Referred to ordinance and fire committee.

Alderman Valentine offered the following report and resolution which were unanimously adopted on call of the roll. Ayes, 16; nays, 0.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen:
Your committee on grounds and buildings, to whom was referred the communication from the board of public works with reference to the down spouts at the city hall building, beg leave to report that we have examined into this matter and would recommend the adoption of the resolution attached to said communication, and we would further recommend that said work be done by and under the direction of the board of public works without the intervention of a formal contract, and for that purpose we offer the following resolution.

B. H. VALENTINE,
C. F. EMERY,
L. W. JOJADE.

Com. on Grounds and Buildings.

RESOLUTION.
Resolved, by the mayor and common council of the city of La Crosse, that the board of public works are hereby authorized, empowered and directed to connect the down spouts at the city hall building with the sewer and to have another sewer connection from the building to the main sewer on Sixth street, and to have said work done without the intervention of a formal contract and to be completed before the paving of Sixth street.

Alderman Valentine presented a bill from George B. Marvin for services rendered in swearing in election officers. Referred to judiciary committee.

Alderman Grover presented the plans and specifications for the construction of a reinforced concrete bridge over lagoon in Island park. Referred to bridge, finance and public bath committee and Mr. Pettibone.

Alderman Grover offered the following report and resolution which were unanimously adopted on call of the roll. Ayes, 16; nays, 0.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen:
Your committee on bridges and finance and city attorney, to whom was referred the communication in regard to the collection of toll at the Mississippi river wagon bridge, and to install a new system, beg leave to report that we have had this matter under consideration and would recommend that said preamble and resolution be adopted.

W. M. GROVER,
P. MUENZENBERGER,
WALTER B. ROSE,

Committee on Bridges.

C. F. EMERY,
ROBERT SCHULZE,
Committee on Finance.

PAUL W. MAHONEY,
City Attorney.

Whereas, the manner of collecting tolls on the Mississippi river bridge and the rules governing the same is not satisfactory and a good deal of criticism is given, being out of date, and a very loose system of conducting so important a matter as the bridge tolls, and, believe a better system can be adopted, and more revenue be received, and the city of La Crosse be benefited by a different system being adopted with a small outlay of about \$500.00 in the beginning which I believe would be reimbursed back to the city in a short time.

As it now is the amount of tolls now taken in it not positively known by the loose method now governing the same.

Therefore, I believe to the best interest of the city and the tax payers at large, that the city of La Crosse purchase a National Cash Register for the use of receiving the amount of tolls taken in when every cent has to be accounted for, and at a cost not to exceed \$475.00.

And would also recommend that the present system of distributing free tickets to the public bath and Pettibone park by the board of public works be changed, and in its stead all persons applying for season tickets can do so by first making application to the board of public works and to their satisfaction of which a correct list be kept of all persons so

applying when an order will be given on the comptroller by the owner of the said order, when a coupon book shall be issued by the comptroller, and in presenting said coupons to the toll takers, a coupon shall be detached for each person of the family using the said Coupon book, and be taken up by the toll takers and recorded in the cash register the same as if cash toll had been collected, and to be turned over to the comptroller at the end of each day and it shall be compulsory on the part of the toll taker to see that all tolls and coupons are taken up from all persons crossing the bridge, and a correct account be kept of all monies and coupons collected as received by the cash register to the comptroller, and any person violating any of said rules by using said coupons by going beyond Pettibone park shall forfeit the same and it shall be the duty of the toll takers to take up said coupons, and report the same immediately to the board of public works, and no other coupon book shall be issued to the same person during that season.

We, the undersigned, recommend the adoption of the above preamble.

WM. GROVER,
WALTER B. ROSE,
P. MUENZENBERGER.

Alderman Grover read a communication from the board of public works with reference to the unsafe condition of the east approach to the Mississippi river wagon bridge. Referred to bridge committee.

His honor, the mayor, appointed L. C. Colman a member of the police and fire commission to succeed himself.

His honor, the mayor, appointed Robert C. Martin as electrical inspector, said appointment being confirmed by the adoption of the following resolution introduced by Alderman Rose. Ayes, 16; nays, 0.

RESOLUTION.
Resolved, by the mayor and common council of the city of La Crosse, that the appointment of Robert C. Martin as electrical inspector by the mayor of this city be and the same is hereby confirmed, and be it further

Resolved, that the salary of said Robert C. Martin be and the same is hereby fixed at the sum of \$1,500 per year.

Alderman Rose presented the report of chief of police for the month of March which was received and ordered placed on file.

Alderman Rose presented the quarterly report of Police Justice C. W. Hunt, ending March 31, 1907, which was received and ordered placed on file.

Alderman Downs read a resolution for opening an alley through block 38 of North La Crosse. Referred to street and alley committee.

Alderman Downs read for its first and second reading an ordinance to establish the grade of Sumner and Car streets at certain points. Referred to ordinance committee.

Alderman Downs read a resolution authorizing city clerk to advertise for bids for doing the official printing for the ensuing year. Referred to printing committee.

Alderman Downs presented a petition for sidewalk on both sides of Twentieth street from State street to Campbell avenue. Referred to street and alley committee.

Alderman Downs presented a remonstrance against the grading of Rose street between Logan and Still streets. Referred to street and alley committee.

Alderman Withee presented a petition for electric light on the corner of Eighteenth and Madison streets. Referred to light committee.

Alderman Withee presented a petition from the Chicago & Northwestern Railroad company with reference to an erroneous assessment on their real estate. Referred to judiciary committee and city attorney.

Alderman Withee offered the following report and resolution which were unanimously adopted on call of the roll. Ayes, 16; nays, 0.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen:
Your committee on judiciary, to whom was referred the petition of Chas. G. Blair for the cancellation of certain tax certificates and the refund to him of the proceeds thereof with interest, beg leave to report that we have had this matter under consideration and the City Engineer has made a plat and measurement of the ground described in the tax certificates and we find that there is not any such lot as described in such certificate. The lot appears on the plat but upon measurement there is no ground on which to locate the lot, and we would therefore recommend that said tax certificates be cancelled and that an order be drawn on the City Treasurer in favor of Mr. Blair for the amount of the taxes plus seven per cent, and that the same be paid to him upon the surrender of said tax certificates to said treasurer for cancellation, and for that purpose we offer the following resolution.

W. W. WITHEE,
WALTER B. ROSE,
Committee on Judiciary.

RESOLUTION.
Resolved, by the Mayor and Common Council of the City of La Crosse, that an order be drawn on the City Treasurer in favor of Chas. G. Blair for the sum of \$19.30, the same to be in full settlement for tax certificate No. 49 issued May 17, 1904, and tax certificate No. 142, issued May 20, 1902.

Alderman Withee offered the following report and resolution which were unanimously adopted on call of the roll. Ayes, 16; nays, none.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen:
Your committee on judiciary, to whom was referred the bill of Robt. Bartschfeld for damages done by water from a hydrant, beg leave to report that we have examined into this matter and find that the damage was done by reason of the breaking of a hydrant at the time of the Tillman Bros. fire; that the claimant's cellar was flooded with water and certain vegetables destroyed. The claim does not appear to be unreasonable and we would therefore recommend that it be paid, and for that purpose we offer the following resolution.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen—The undersigned, committee on Judiciary and City Attorney, to whom was referred the petition of E. V. Swarthout for cancellation of erroneous tax, beg leave to report that we have examined into this matter and find that a double assessment was made on lots six (6) and seven (7) of block No. eleven (11) of St. Paul's Second Addition for the building of a sidewalk, and that said lots were sold for the non-payment thereof and that petitioner is the owner of said certificates, and we would therefore recommend that upon the surrender of the tax certificate of 1905, that an order be drawn on the City Treasurer in favor of E. C. Swarthout for the sum of \$41.40 to correct this assessment, and for that purpose we offer the following resolution.

W. W. WITHEE,

PAUL W. MAHONEY,
City Attorney.

RESOLUTION.
Resolved, by the Mayor and Common Council of the City of La Crosse, that an order be drawn on the City Treasurer in favor of E. C. Swarthout for the sum of \$41.40 and that the same be delivered to him upon the surrender and cancellation of tax certificate No. 182 for the sale of lands for taxes for the year 1905 on lot 6 of block 11 of St. Paul's Second Addition.

Alderman Withee offered the following report and resolution which were unanimously adopted on call of the roll. Ayes, 16; nays, none.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen—Your committee, on Judiciary and City Attorney, to whom was referred the petition of Mary MacArthur for refund of a certain erroneous assessment, beg leave to report that we have had this matter under consideration and find that a mistake was made in assessing said property and that a building which belonged to a third party was assessed to Mrs. MacArthur at \$1,200 and her over-assessment would be \$22.03 and we would therefore recommend that the amount so paid by her, \$22.03, be refunded and that the tax commissioner make a correction in the assessment and double assess this building for the year 1907, and for that purpose we offer the following resolution.

To the Honorable Mayor and Common Council of the City of La Crosse.

Gentlemen—Your committee, on Judiciary and City Attorney, to whom was referred the petition of Mary MacArthur for refund of a certain erroneous assessment, beg leave to report that we have had this matter under consideration and find that a mistake was made in assessing said property and that a building which belonged to a third party was assessed to Mrs. MacArthur at \$1,200 and her over-assessment would be \$22.03 and we would therefore recommend that the amount so paid by her, \$22.03, be refunded and that the tax commissioner make a correction in the assessment and double assess this building for the year 1907, and for that purpose we offer the following resolution.

W. W. WITHEE,
WALTER B. ROSE,
Committee on Judiciary.

PAUL W. MAHONEY,
City Attorney.

RESOLUTION.
Resolved, by the Mayor and Common Council of the City of La Crosse, that an order be drawn on the City Treasurer in favor of Mary MacArthur for the sum of \$22.03 to correct an erroneous assessment.

COMMON COUNCIL PROCEEDINGS

First Meeting of the New Council.

La Crosse, Wis., April 16, 1907.
Council met at 12 o'clock noon.
Mayor Anderson, presiding.
Present: Aldermen Bartl, Bedessem, Downs, Emery, Foerster, Goddard, Grover, Hirschheimer, Houska, Jofade, Keller, Lang, Muenzenberger, Rehffuss, Rose, Schulze, Sletten, Snyder, Valentine, Vollmar.—20.
Absent: Alderman Palmer.—1.
The mayor delivered the following address, which was placed on file.

In a recent report upon municipal affairs I noticed a statement to the effect that there is but little good in newly-elected mayors coming out with fine programmes of reduced expenditures, etc., what is really needed is a business-like spending of the moneys that the corporation receives.

The responsibility for intelligent and prudent action in this particular, as well as others, now rests upon us, and your attention will be called to the subjects closely allied thereto from time to time, as facts become known to me and the different committees are organized for work.

Eight years ago when meeting the members of the Common Council in an official capacity for the first time, I expressed the desire to take up the work with them and fairly meet all questions as they arose, rather than to give voice in a lengthy inaugural to any preconceived ideas as to what should or should not be done. At the same time I asked the indulgence of the members at first, during the time necessary to study and become familiar with existing conditions and their co-operation at all times.

The results were so satisfactory that it seems best to make the same statement to you and ask the same consideration at your hands during the term of our official relations. To give you a clear idea, one and all, what this co-operation means to your executive officer and how it will be appreciated, I may be pardoned for putting a few words from a brief address six years ago to the council with which I had been associated, at the close of that administration, as follows: Glancing back at your efforts for public welfare since that time (two years before) to my mind the one and great and impressive fact, which stands out in bold relief, is the faithful, honest and earnest support received at your hands by the chief executive of the city. Whatever worthy objects he might have desired to attain in advancing the interests of the city, but little could have been accomplished without your support and it is my desire at this time to give expression to what has long been in mind, that for your careful and painstaking deliberations which have so generally resulted in united action the citizens of La Crosse, as well as the speaker, are under very great obligations.

Gentlemen, I trust that our intercourse for the next two years will be of such advantage to the city as to justify an even warmer tribute of appreciation and respect for faithful performance of duties.

On motion of Alderman Keller the council took a recess until 2 o'clock p. m.

GEORGE WOEFNER WINS GOLD MEDAL

COMPANY B MAN GETS THE HIGHEST SCORE

MAKES 169 POINTS IN WIND

Thompson of Company M Gets Second Medal With a Score of One Hundred Sixty-four

George Woefner, 169 points, of Company B, won one of the gold medals at the contest between teams from Companies B and M at the range of the La Crosse Sharpshooters' association yesterday. The other gold medal was taken by Thompson of Company M, 164 points.

Owing to high wind, a strange range and general adverse conditions, the scores were not as good as they might have been, but several of the marksmen did very well under the circumstances. There was a large attendance at the meet.

The sharpshooters did not hold a regular shoot as planned, only a few of the members making a try at the targets. Scores of the militia shoot are as follows:

State of Wisconsin, La Crosse county, city of La Crosse—ss.
The Common Council of the city of La Crosse having heretofore decided that it was expedient and necessary that Eighth street from Main street to La Crosse street, and Ninth street from State street to La Crosse street in said city be improved by macadamizing with granite top dressing, setting combination cement and concrete curb and otherwise improving said street at the expense of the property benefited thereby.

Now, therefore, notice is hereby given to the undersigned City Clerk that the said Common Council did at a meeting held at 10:30 o'clock a. m. on the 16th day of April, A. D. 1907, make a final determination as to the benefits and damages to be assessed to the real estate on account of said improvements, as follows, to-wit:

Eighth street from Main street to La Crosse street, and Ninth street from State street to La Crosse street.

WEAK MARKET FOR CUMPS AND GREEN HORNS PROFIT

WHEAT GOES 2 1- CENTS UP

Bad Opening Was Due to Weak Cables and Depressing Crop Conditions

La Crosse Stock & Grain Commission Company.
CHICAGO, Ill., May 6.—The public has taken the wheat away from the speculators today. The professionals who sold wheat the outlet because of lower cables, foreign mathematics and more rain in the southwest speedily found that the wheat demand was far greater than his measure of it. In the scramble that has ensued the professionals have been covering wheat in competition with the new investors.

Better weather in the northwest, rain and warmer temperature in the southwest and lower cables put prices down on the curb. The opening was weak and the trade light.

The market showed a loss of about 1/2 cent under Saturday's close but soon met with supporting orders and steadied the market. This gave the bears a jolt and they soon became nervous and started in to cover their short lines which carried the prices up 2 1/2 cents from the low mark.

RIVER TRAFFIC.
The warm weather for the last few days has increased the traffic on the river. Yesterday a number of parties went up river and spent the day. The Isaac Staples and the Georgia S. went up river to Stillwater for rafts Sunday night, and the Clyde and bow boat Mary B. went up this morning. The new La Crosse arrived at the city Saturday afternoon with a good freight load, but the passenger list is rather light, it being too cold on the river for pleasure. The boat left this morning on her return trip with an extra large amount of freight.

WARM WEATHER TO BRING LOW PRICES

SPRING GREENS WILL THEN COST MUCH LESS

OATS ADVANCE SOME TODAY

Plowing Is Now Going on and Farmers Are Busy; Sugar Beet Test Is of Unusual Interest

Eggs dropped to 17 cents today and pineapples have advanced a little, now selling from 20 to 30 cents each. Oats have gone up 2 cents, selling for 38 to 40 cents a bushel. The price of oats will probably go still higher as the farmers are not bringing any to market and the supply is short.

The vegetable market remains the same but warm weather will see new vegetables on the market and lower prices.

That 13,477 pounds of sugar beets were added to the regular yield by a special process of fertilization is one of the interesting facts announced in a bulletin entitled "Sugar Beet Experiments During 1906" about to be published by the University of Wisconsin Experimental Station. The investigations and experiments upon which the statistics are compiled are founded are the work of Professor C. W. Stoddard of the soils department. The prime purposes of the investigations were to study the adaptability to sugar beet culture of characteristic types of Wisconsin soils, from light, sandy loam to heavy clay, and to determine what system of fertilization will produce best results for factory purposes, taking both the yield and the quality of the beets into consideration. Ten farms in four counties of the state were selected, and upon these the experiments were conducted, namely, on four farms near Lancaster, Grant county; on two farms near Virgo, Vernon county; on three near Chippewa Falls, Chippewa county, and on the hill farm of the university experiment station, two miles west of Madison.

JURY DECIDES
LABELS BOGUSD. J. BORUN FOUND GUILTY OF
USING COUNTERFEIT LABEL

GETS CHANCE FOR APPEAL

Business Agent of Cigarmakers' Union
Sold Bogus Labels at \$3.00
Thousand—Looked Alike

MILWAUKEE, Wis., May 6.—David J. Borun was found guilty by Judge Brazee in municipal court Saturday of having knowingly made use of fraudulent union cigar labels on boxes of cigars manufactured at his factory, and was sentenced to pay a fine of \$25 and costs, or serve thirty days in the house of correction. A stay of ten days was granted, during which the defendant may appeal to the supreme court on a writ of error. In the meantime he was released on bail, the previous bail of \$100 being increased to \$150. It was first placed at \$200, but in consideration of the fact that the sum named would cover the amount of the fine and costs, it was reduced to \$150.

Samuel Borun, brother of the defendant, the only witness called by the defense, declared that John Reichert, business agent of the Cigarmakers' union, had offered to supply him with union labels at \$3 a thousand to be used on boxes containing nonunion made cigars. He said further that Reichert had boasted to him of the strength and influence of the local union, and that it was due to this that David J. Borun had been found guilty by Judge Neelen of having used the false label. Mr. Reichert denied that he had ever made such remarks to the witness. He later testified that he had not been aware that the labels he had put on boxes of cigars were not genuine. He said that he had taken the labels from a drawer in the office of the factory.

by a Monster Engine

MILWAUKEE, Wis., May 6.—John C. Julien, 53 years, assistant engineer of the North side pumping station, was crushed to death at 2:30 o'clock yesterday afternoon by his engine, while repairing it. He was putting a top on the crosshead when the engine moved backward, crushing Julien between the crosshead and the cylinder.

Julien lived at 1112 Kinnicknic avenue. He leaves a wife, four sons and one daughter. They are J. B. Julien, Herbert, Henry, William and Alice.

District Attorney McGovern Will Oppose
Release Under Bail Before Supreme Court

MILWAUKEE, Wis., May 6.—Fred C. Schultz, who was found guilty by the jury in municipal court on Saturday afternoon of giving a bribe of \$250 to former Supervisor Edward F. Strauss, and sentenced by Judge A. J. Vinje to serve a term of eighteen months in the house of correction had a quiet day in the county jail yesterday. Schultz spent the morning with his wife and in the afternoon his brother, Frank Schultz, called and spent several hours with him. Later in the afternoon Schultz's attorney, former District Attorney William H. Bennett, called and held a conference regarding future proceedings in the case.

Schultz will not be taken to the house of correction today. He had not made provisions against being found guilty, and important business matters, he has informed Sheriff W. R. Knell, remain to be settled before he begins to serve his sentence. Mr. Knell said last night that he would give Schultz a reasonable time in which to arrange his affairs before sending him out to the house of correction.

INSPECT 5 CENT THEATERS

Condemn Playhouses Which Do Not
Conform to Ordinances

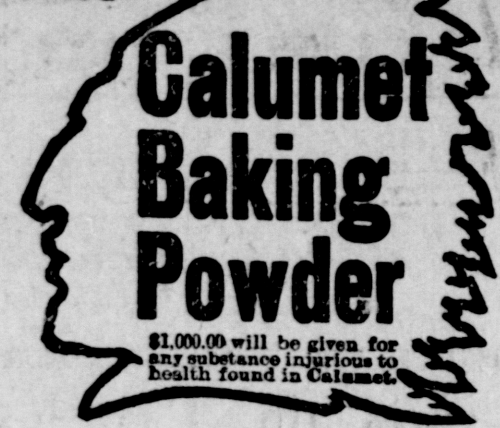

MILWAUKEE, Wis., May 6.—Three of Building Inspector Koch's men went into every 5-cent theater in Milwaukee Saturday. The building inspector has turned his attention to the condition of these ramshackle buildings, where the chairs in many cases are only ordinary wooden folding chairs, not fastened to the floor; where the heating is done with the stove, and where the auditorium is in darkness during the performance.

"Personally, I should be in favor of doing away altogether with the 5-cent theaters," said Mr. Koch. "But their influence is only for the bad. But if it is only possible at present to try to improve conditions at these theaters, they shall be thoroughly inspected."

Since the building permit for each theater was issued by the building inspector, the 5-cent theaters have been little inspected by the Milwaukee building inspectors.

MILWAUKEE TUBERCULOSIS
SANITARIUM TO BE MADE
AVAILABLE AT ONCE.

MILWAUKEE, May 6.—The directors of the Milwaukee Sanatorium for Tuberculosis association met at the University club Saturday evening and decided to begin without further delay the canvass for the \$20,000 needed to put their projected hospital into working order. Dr. G. E. Seaman, secretary and treasurer of the association set forth the situation as follows:

"We've been dallying with it for some time. Now we have decided to pitch in and clean it up. Mr. Bruce, secretary of the Merchants and Manufacturers' association, has given us some practical suggestions which we intend to follow, and we shall hold a meeting at the rooms of that association in the University building next week. We are greatly relieved by the fact that many prominent business and professional men, have promised to lend their aid in gathering the necessary funds."

BADGERS LOSE CONTESTS

MADISON, Wis., May 6.—G. P. Wishard of Northwestern university won the Northern Oratorical league contest held here Saturday night with an oration on "The United States and Universal Peace." Second and third places were awarded respectively to F. L. Mott of Chicago university and E. E. Robinson of Wisconsin. The former spoke on "Christopher Columbus" and the latter on "The Mission of the Progressive." The other contestants were W. L. Myers, Iowa; Vivian G. Colgrove, Minnesota; F. A. Deahl, Michigan; and L. V. Koos, Oberlin. The judges were Professors C. A. Waldo, Purdue; E. W. Kemp, Rose Polytechnic; and T. A. Clark, Illinois. H. R. Rice of Oberlin presided.

The winner of the contest received a \$100 prize, the gift of F. A. Lowden of Chicago. After the program, the orators were tendered a banquet at Keeley's hall.

SCHOOL CHILDREN CLEAN UP

EAU CLAIRE, Wis., May 6.—"Clean city day" was successfully celebrated here Saturday. An organized campaign against filth and uncleanness had been planned. Back of the movement were the Woman's club, Associated Charities, city officials, and the school teachers. Nearly a thousand pupils assisted in the work of cleaning the river banks, each school taking charge of a certain portion. The street commissioner had a hundred teams out gathering rubbish and refuse in the residence districts.

\$48.00
TO BE DESCRIBEDSIX DAYS IN WHICH TO
RAISE AMOUNT

"Y" WORKERS ARE CONFIDENT

Receive Engagement in Their
Work and Amount Will Probably Be Raised by May 13th

The campaign for a new building for the young men and boys of the city closes on May 13 at midnight and by that time \$100,000 must be raised. More workers are needed to cover the ground and an urgent appeal is made to all friends of the association to give some time to this project. The building when completed, will be one of the finest in the city and La Crosse will rank high in the middle west in making such provision for its young men and boys. There remains to be raised \$48,000.

Over 2,000 letters of appeal have been sent to citizens and it is hoped by the officials of the Y. M. C. A. that a general response will be made.

The letters are as follows:
"La Crosse, Wis., May 6, 1907.
"Dear Friend:

"We take the liberty of addressing you in the interest of the young men and boys of our city. As you know the people of La Crosse are making a heroic effort to secure a modern up to date association building; a building that shall be an open door to all the men, and one that will mean very much to the future prosperity of the larger La Crosse.

"The subscription of \$25,000.00 made by Mr. W. W. Cargill is conditional on the people of La Crosse raising \$75,000.00 by May 13th. The time is now short and our workers may not be able to call on you inside of the time limit. As we are very anxious that you should have a part in this great enterprise, we appeal to you in this way.

"The large subscription being conditional, you will appreciate the necessity of our reaching the full amount inside the time limit. We believe you are with us in this large undertaking and that you wish to have a part in securing this building. Please notice on the enclosed card the extended time for payments and make your subscription as liberal as you can. Let us assure you that any amount you may give will be fully appreciated. We believe you are interested and therefore ask you to fill out the enclosed card for such an amount as you are willing to subscribe and return in the enclosed envelope.

"Should you have subscribed before this reaches you, kindly use the enclosed card to secure a pledge from a friend and send it in.

"The time is so short that prompt action is necessary to secure for La Crosse this important building. Please act now.

"Yours for the best interest of La Crosse.

"GEORGE H. RAY,
"President Association.
"GEORGE W. BURTON,
"Chairman Executive Com."

Workmen Make Generous Response

A quick canvass is being made of the men employed in the various factories and most of the movement show great interest in the work. This is especially so with the Chicago, Burlington & Quincy, the Vote-Berger company, and the Wisconsin Pearl Button company. Other factories are to be seen as soon as possible.

Letters From Secretaries

Letters are received from outside secretaries as follows:
"We are waiting anxiously for the 13th to bring news of the \$100,000 being secured for La Crosse.

"Ninety-five per cent of La Crosse young men are money earners, and are especially tempted because they are able to pay for the allurements of city life. Your association must needs compete with vice for the non-working hours of this ninety-five per cent. One hundred thousand dollars is none too much to provide you effective equipment for this broad, healthy, hopeful, field of prevention service. "Wishing you the Almighty's blessing, I remain,

"Yours Sincerely,"

"I note with much interest and pleasure the daily progress of your building campaign, and congratulate you and those associated with you, on the results thus far obtained.

"The splendid gift of \$25,000, the past and present good work of your association, the apparent great need of a new building and equipment, backed up by the well directed enthusiasm of your committees, must and will bring the movement to a successful issue.

"The people of your city cannot afford to let an opportunity of this kind pass without contributing to its success. It means so much of good for the future manhood and life of your community.

"The contractors have resumed work on our new building and we hope to occupy it before the close of 1907.

"Again wishing you abundant success, I remain,

"Sincerely yours,"

WEATHER MAY BRING CHANGE.

Congressman Esch Holds His Own at
Mandison and Feels Confident
of the Result

Congressman John J. Esch, Senator Thomas Morris, and Assemblymen Miller and Kepple returned home from Madison Saturday night in order to spend Sunday with their families in La Crosse.

They will leave for Madison when the legislature opens next week.

"We are well satisfied with the results of the week just closed," said Mr. Esch. "Should there be a change in the weather it is likely that a break may come in the deadlock."

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following:
Fluid Extract of Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

A well-known local druggist states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Kargon and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

in Sentinel's Quest for Most
Beautiful Wis. Woman.

A north side girl, Miss Pearl McCabe, appears in yesterday's pictures of beautiful Wisconsin women, in the Milwaukee Sentinel, which paper is conducting a quest for the most beautiful woman in the state. The north side is proud of its pretty girls, and there is a confident feeling there would be winners among them if all the photographs were entered in the contest.

NORTH SIDE BRIEFS

Miss Edna Borson of the La Crosse schools spent Saturday with her parents here.

Percy Boyle, car clerk for the Burlington, has been transferred to the train service.

Carl Lucky is back from Montana on a visit.

Chat Walker has returned to Onalaska from Montana.

Miss Anna Trinken is visiting her brother at Dakota.

Peter Seegar has returned to Middle Ridge after a few days visit at the home T. Allen.

Chas. Yehle is about again after a severe attack of the measles.

Mrs. Thos. Slocum is sick.

O. T. Erhart is moving his drug store from 813 Rose street to the corner of State and Twelfth streets.

Gibson Bros. will start a confectionery in the building vacated.

Engines 1226 of the Wisconsin Valley division, and 1251 and 1062 of the Winona division are in the Milwaukee shops for repairs.

ANNOUNCE PURSES

FAIR ASSOCIATION WILL GIVE
FIFTH AND SIXTH HORSES
SMALL REBATE.

Purses for this year's fair were decided upon at a meeting of the directors of the fair association held in the La Crosse club Saturday evening. It was decided to have four stakes of \$800 on the speed program, the entries for these stakes closing July 1st.

There will also be four late closing purses of \$500 each. These will close on the Tuesday before the fair. In order to increase the number of entries in the different races it was decided at the meeting Saturday night to remit \$20 to the horse finishing fifth and \$25 to the one finishing sixth.

The schedule adopted by the directors will be the same as the one used at all of their fairs in the Central Wisconsin circuit.

Secretary Van Auker announces that the Philippine Igorrotes will return this season. Arnaldo's trained animal show will also be among the attractions.

A firm at Allen Grove, Iowa, secured the contract for the merry-go-round and the Ferris wheel.

The athletic association of the La Crosse high school has been granted the use of the grand stand and track.

Although the matter of improvements was discussed, no definite action was taken. Several buildings, including the exposition building, will in all probability be improved by the association.

SUES DR. WESTON SAMARITANS SOCIAL

JOHN FRIEGNE CLAIMS FALSE
IMPRISONMENT AND
ASKS \$5,000.

A suit for \$5,000 damages has been brought against Doctor Frank R. Weston by John Friegne. He charges Doctor Weston with false imprisonment. It is charged by the plaintiff that while trying to collect a judgment of \$145 the doctor had him arrested by the sheriff and unnecessarily detained him for one night in the county jail.

Dr. Weston was held under \$500 bonds which was furnished.

It is claimed by Friegne that Doctor Weston made out an affidavit to the effect that he believed Friegne to have property in his possession, which he refused to turn over in payment on a judgment against him.

It is charged that on this affidavit Doctor Weston had Friegne arrested and held in the county jail over night without a warrant. In the morning he was brought before Judge Daniels and examined. The case was dismissed by the judge.

The Greeks on the North side celebrated Easter yesterday. The Greeks transacting business among themselves use the old Julian calendar and consequently celebrate Christmas, Easter and other dates at a different time from other people.

EAU CLAIRE GETS LID

EAU CLAIRE, Wis., May 6.—A. J. Kiofanda, Fred Scharles, and Edward Dowling, saloonkeepers who were recently arrested on complaint of Frank Harrington, for keeping open last Sunday, pleaded not guilty. Harrington was discharged for going outside the city limits while on duty last week. He has since threatened to get even with those instrumental in getting him off the force. It is also said that he has joined the Wisconsin Anti-Saloon league, and when asked whether he had done so he would not deny it. Some lively developments are looked for.
